

### The LTC triple column vending machine

The LTC triple-column vending machine - manufactured to our exacting standards, able to display 3 distinct advertising banners, and dispense 3 products.

We can also brand each machine for your business, providing a personal touch that's hard to beat.

### Some of the advantages to an LTC Vending Machine:

- Wraparound stainless steel cover for strength, long life and great looks
- Neat, smart and secure machine with advertising window option
- Simple, fast wall mounting on reinforced steel security back-plate
- Optional adjustable magazines available for product flexibility
- Flip-up-and-lock hinged front cover for fast and easy filling
- Robust construction allows for internal & external use
- Branding available – subject to minimum quantities
- Smooth, reliable and fully mechanical operation
- High-security, adjustable cover locking system
